Implementation Exam

**Version:** DEMO

#### QUESTION 1

A customer plans to deploy an Avaya ACETM Application Integration Engine (AIE) version 3.2. As part of the definition of the project scope of work, the technician wants to ensure the appropriate operating system is installed on the host server. Which software operating systems (OS) is supported?

- A. 32-bit or 64-bit Windows 2003 OS
- B. 32-bit or 64-bit Windows 2008 OS
- C. 32-bit Windows 2003 OS or 64-bit Windows 2008 R2 OS
- D. 64-bit Windows 2008 OS only

**Answer: C**

#### QUESTION 2

A global bank has an Avaya High Availability (HA) ACETM system installed, and wants to deploy the Hot Decking application. The customer wants to ensure high availability and reliability for application users. Which additional hardware and operating system is required beyond the Avaya HA ACETM base to support the solution?

- A. One additional Linux server for the Avaya ACETM base and two Linux or Windows servers to host the Application Integration Engine (AIE) software.
- B. Two additional Linux servers for the Avaya ACETM base and two Linux or Windows servers to host the AIE software.
- C. Two Windows servers to host the AIE software.
- D. No additional hardware, the Avaya ACETM and AIE software will co-reside on the same server.

**Answer: C**

#### QUESTION 3

A customer is deploying an Avaya ACETM on Windows for a standalone configuration. They are also deploying Corporate Portal and Message Drop and Blast services. The network includes a SIP-enabled communication system and 500 end users. How many Avaya ACETM base software licenses are required?

- A. 1
- B. 2
- C. 3
- D. 500

**Answer: C**

#### QUESTION 4

A customer has geographically diverse sites and plans to deploy an Avaya ACETM Federation. Their network includes a Communication Server 1000 (CS1000) system running a supported software release, IBM Lotus Sametime, and the associated end-user telephones and clients. When planning the Federation architecture, which is the platform consideration?

- A. An Avaya ACETM Federation requires an Avaya ACETM High Availability (HA) configuration.
- B. An Avaya ACETM Federation requires an Avaya ACETM Linux-based hardware platform.
- C. An Avaya ACETM Federation requires a Microsoft Office Communications Server (OCS)

serviceprovider.

D. An Avaya ACETM Federation requires an Application Integration Engine (AIE) server.

**Answer: A**

#### QUESTION 5

A technician is installing the Application Integration Engine (AIE) software in active directory mode for a standalone solution, the AIE software will be installed on a supported server with a supported Windows 2008 operating system. Which statement describes an installation prerequisite?

- A. An existing version ApacheTomcat is running.
- B. An existing version of Java Runtime Environment (JRE) is running.
- C. The Windows server is configured with the role of DHCP Server.
- D. The Windows server is configured with the role of Web Server.

**Answer: D**

#### QUESTION 6

A mid-size enterprise is deploying an Avaya ACETM IBM Lotus Sametime Integration solution. The customer network includes IBM Lotus Sametime, IBM Lotus Notes, and a communication Server 1000 system and end-user telephones and clients.

A technician has a work order to install the Avaya ACETM Technology Conferencing Service Provider Interface (TCSPI) on the Sametime server as part of the UC deployment. Where can a copy of the latest version of the Avaya ACETM TCSPI be obtained?

- A. from the Avaya ACETM GUIHelp menu
- B. from the IBM Lotus Sametime server
- C. from the Domino server
- D. from the IBM Lotus Notes catalog

**Answer: C**

#### QUESTION 7

An existing Avaya ACETM customer wants a solution that will work with its existing customer resource management (CRM) system to notify customers proactively about promotions or offers relevant to their individual needs. The customer has an Avaya ACETM on Windows core solution and does not want to deploy additional hardware. Which Avaya ACETM solution matches the key capabilities that the customer requires?

- A. Hot Desking
- B. EventResponse Manager
- C. Message Drop and Blast
- D. WebBrowser and Office Add-ins.

**Answer: D**

## Thank You for Trying Our Product

### Braindump2go Certification Exam Features:

- ★ More than **99,900** Satisfied Customers Worldwide.
- ★ Average **99.9%** Success Rate.
- ★ **Free Update** to match latest and real exam scenarios.
- ★ **Instant Download** Access! No Setup required.
- ★ Questions & Answers are downloadable in **PDF** format and **VCE** test engine format.
- ★ Multi-Platform capabilities - **Windows, Laptop, Mac, Android, iPhone, iPod, iPad**.
- ★ **100%** Guaranteed Success or **100%** Money Back Guarantee.
- ★ **Fast**, helpful support **24x7**.
