

**Vendor:** IBM

**Exam Code:** A2010-568

**Exam Name:** Assess: IBM Tivoli Composite Application  
Manager for Application Diagnostics V7.1 Implementation

**Version:** DEMO

#### QUESTION 1

When trying to log in to Managing Server (MS), the Access Denied message appears. It is suspected that the password for accessing MS database has expired after 90 days due to the company security policy. How could this be verified?

- A. \$MS\_HOME/bin/klctl.sh dbtest
- B. \$MS\_HOME/bin/klcheck.sh dbtest
- C. \$MS\_HOME/bin/klcheck.sh octigate
- D. \$MS\_HOME/bin/klctl.sh -action dbtest

**Answer:** A

#### QUESTION 2

Which command and syntax configures the IBM Tivoli Composite Application Manager for Application Diagnostics V7.1 Agent for HTTP Servers in AIX environment?

- A. tacmd config -A ht
- B. itmcmd config -A yn
- C. itmcmd config -A ht
- D. tacmd config agent http

**Answer:** C

#### QUESTION 3

Which two areas must be reviewed when examining the project scope of an IBM Tivoli Composite Application Manager for Application Diagnostics V7.1 implementation project? (Choose two.)

- A. will remote access be provided
- B. the required level of customization necessary
- C. application environments that need to be monitored
- D. the size of the customer's current IBM Tivoli Monitoring environment
- E. the skill level of the engineers in the company's Information Technology department

**Answer:** BC

#### QUESTION 4

Which file should be changed in a Tomcat property file for IBM Tivoli Composite Application Manager for Application Diagnostics V7.1 in order for the logging files location to be modified for a Data Collector?

- A. CYN.handler.FileLoc
- B. MS.Property.file.LOC
- C. MS.handler.file.fileDir
- D. CYN.handler.file.fileDir

**Answer:** D

#### QUESTION 5

An IBM Tivoli Composite Application Manager for Application Diagnostics V7.1 environment is

being fine tuned at a customer site. Which parameter is likely to be excluded from changes that are made?

- A. datacollector.frequency
- B. networkagent.publish.frequency
- C. datacollector.publish.frequency
- D. network.collector.publish.frequency

**Answer: B**

#### QUESTION 6

Which three pieces of information must be collected when reviewing the customer's current monitoring environment? (Choose three.)

- A. type of firewalls that are used
- B. the network speed between data centers
- C. which user authentication method is used
- D. how the customer's operation center works
- E. is IBM Tivoli Monitoring implemented and which version
- F. is there an earlier version of IBM Tivoli Composite Application Manager for Application Diagnostics installed

**Answer: CEF**

#### QUESTION 7

Which local command should be run to determine if the Monitoring Agent is at the correct level after installing and configuring the Maintenance Delivery Vehicle?

- A. execute the command tacmd listSystems -t on the local agent's host command line and note the monitoring agent's installed maintenance level
- B. execute the command tacmd listSystemlist -t on the local agent's host command line and note the monitoring agent's installed maintenance level
- C. execute the command cinfo -i (UNIX/Linux) or kincinfo -i on the local agent's host command line and note the monitoring agent's installed maintenance level
- D. execute the command cinfo -R (UNIX/Linux) or kincinfo -R on the local agent's host command line and note the monitoring agent's installed maintenance level

**Answer: C**

#### QUESTION 8

A customer is running IBM Tivoli Composite Application Manager for Web Resources V6.2 (ITCAM for WR) to monitor its middleware environment. However, after having heard about new features of IBM Tivoli Composite Application Manager for Application Diagnostics V7.1 (ITCAM for AD), the customer is considering an upgrade. What is a possible approach to satisfy the customer's need?

- A. It is only possible to install ITCAM for AD V7.1 from scratch.
- B. ITCAM for WR V6.2 can be upgraded to ITCAM for AD V7.1.
- C. ITCAM for WR is a newer product in comparison to ITCAM for AD V7.1.
- D. ITCAM for WR needs to be migrated to ITCAM for WebSphere V6.1 before upgrading

to ITCAM for AD V7.1.

**Answer: B**

**QUESTION 9**

Using the Managing Server Visualization Engine, which menu option views the Slowest Transactions, Transaction Snapshot (+/- 10 Minutes from Event), Response Time, CPU Usage, # of Sessions, # of Requests, and Heap Usage all on one page?

- A. Problem Center
- B. Alerts and Events
- C. Trap and Alert Management
- D. Software Consistency Check

**Answer: A**

**QUESTION 10**

A customer is trying to configure the Data Collector on Linux in Silent mode using this command: `/opt/IBM/ITM/bin/itmcmd config -A -p ynv_silent_config_wasdc.txt yn` The configuration fails with this error

message:com.ibm.tivoli.itcam.install.was.config.requestaction.ValidateException:Specified directory "/opt/WebSphere/V61/AppServer/profiles/AppSrvs" is not found, please correct the value of parameter "DC\_CONFIG\_SELECT\_PROFILE\_NONGUI" Why?

- A. An invalid value was specified for KYJ\_WAS\_HOME variable.
- B. An invalid value was specified for KYN\_WAS\_HOME variable.
- C. An invalid value was specified for KYN\_CONFIG\_MODE variable.
- D. An invalid value was specified for KYJ\_PROFILE\_HOME variable.

**Answer: B**

**QUESTION 11**

A customer suspects that the WAS application is having memory issues. How can the customer monitor heap size usage after garbage collection cycle with IBM Tivoli Composite Application Manager for Application Diagnostics V7.1 Agent for WebSphere Applications?

- A. use a predefined situation: WASOutOfHeapSpace
- B. a custom situation must be created for the customer
- C. use a predefined situation: WASAvgHeapSizeAfterGCHigh
- D. it is only possible in deep-dive diagnostics using a managing server

**Answer: C**

## Thank You for Trying Our Product

### Braindump2go Certification Exam Features:

- ★ More than **99,900** Satisfied Customers Worldwide.
- ★ Average **99.9%** Success Rate.
- ★ **Free Update** to match latest and real exam scenarios.
- ★ **Instant Download** Access! No Setup required.
- ★ Questions & Answers are downloadable in **PDF** format and **VCE** test engine format.
- ★ Multi-Platform capabilities - **Windows, Laptop, Mac, Android, iPhone, iPod, iPad**.
- ★ **100%** Guaranteed Success or **100%** Money Back Guarantee.
- ★ **Fast**, helpful support **24x7**.
