

**Vendor:** CA Technologies

**Exam Code:** CAT-440

**Exam Name:** CA Performance Management r2.x  
Professional Exam

**Version:** DEMO

#### QUESTION 1

When you configure product data sources for CA Performance Center, which factor do you need to consider?

- A. Only one data source product can be attached to a single CA Performance Center instance.
- B. The parameters and definitions of registered data sources are not shared with any other registered data sources.
- C. Each specific data source product must be registered with CA Performance Center before any configuration is attempted.
- D. Each specific data source product must accept and utilize exactly the same set of rights and permissions as all other data source products.

**Answer: C**

#### QUESTION 2

Regardless of the deployment size, for CA Performance Center installations:

- A. the CPU must be quad core and at least 1 GHz.
- B. the web browser you use must run in Compatibility mode.
- C. you must use a 32-bit version of Red Hat Enterprise Linux.
- D. you must have 1 GB of free disk space in the /tmp directory and at least 40 GB of free disk space for the database.

**Answer: D**

#### QUESTION 3

When planning menus for dashboards, which guideline should you follow?

- A. Never add custom dashboards to a default menu.
- B. Share custom menus between tenants with similar needs.
- C. Use the Manage Menus page to organize dashboards in a meaningful way.
- D. If specific dashboards should not be available to a user, add them to a menu as a dimmed menu item.

**Answer: C**

#### QUESTION 4

CA Performance Center can be uninstalled:

- A. by using the Uninstall\_PerformanceCenter program.
- B. only if you first uninstall the Event Manager and then run `sudo apt-get remove`.
- C. by using the Installation Wizard only, which will also uninstall MySQL data and temporary directories by default.
- D. by first uninstalling the Data Aggregator and then following the prompts that will enable you to select the database and UI-related components to remove.

**Answer: A**

#### QUESTION 5

Are Data Collectors a required component of a CA Performance Management installation?

- A. Yes, to use CA Performance Management, you need one or more Data Collectors.
- B. No, you do not need Data Collectors if you are operating in a virtual environment.
- C. No, Data Collectors are only needed if you need to collect data from remote locations.
- D. No, you do not need to use Data Collectors if CA Mediation Manager is part of your installation.

**Answer: A**

#### **QUESTION 6**

When you configure event notifications, which factor should you always consider?

- A. Other users might be able to view the notifications.
- B. The action to delete notifications does not affect actual or future events.
- C. Notifications will continue to appear when the Event Manager is set to disabled.
- D. CA Performance Management needs to be configured to use port 162 to send traps.

**Answer: B**

#### **QUESTION 7**

Which feature characterizes event rules?

- A. They are not included in the default monitoring profiles, but you can easily add them if they are needed.
- B. If a specific event rule does not trigger a notification, it cannot be seen in an event list or dashboard view.
- C. When they are newly created, they are not applied by the Data Aggregator until at least two polling cycles occur.
- D. They enable significant occurrences within the IT infrastructure to be viewed in CA Performance Manager Dashboard views.

**Answer: D**

#### **QUESTION 8**

In CA Performance Center, permission groups:

- A. Are always read-only copies of system or custom groups.
- B. Are custom groups that organize managed items for data access purposes.
- C. Are known as context groups until they are assigned to user accounts as permission sets.
- D. Are used to group users who have common access requirements to selected data sources.

**Answer: B**

## Thank You for Trying Our Product

### Braindump2go Certification Exam Features:

- ★ More than **99,900** Satisfied Customers Worldwide.
- ★ Average **99.9%** Success Rate.
- ★ **Free Update** to match latest and real exam scenarios.
- ★ **Instant Download** Access! No Setup required.
- ★ Questions & Answers are downloadable in **PDF** format and **VCE** test engine format.
- ★ Multi-Platform capabilities - **Windows, Laptop, Mac, Android, iPhone, iPod, iPad**.
- ★ **100%** Guaranteed Success or **100%** Money Back Guarantee.
- ★ **Fast**, helpful support **24x7**.
