QUESTION 238
You need to consider the underlined segment to establish whether it is accurate.
All applications will remain in a hybrid environment after migrating to Microsoft Azure.
Select "No adjustment required" if the underlined segment is accurate. If the underlined segment is inaccurate, select the accurate option.

A. No adjustment required.
B. Applications that manage sensitive information
C. Applications where access requires a USB-token device
D. All legacy applications

Answer: B

QUESTION 239
Note: The question is included in a number of questions that depicts the identical set-up. However, every question has a distinctive result. Establish if the solution satisfies the requirements.
Your company plans to move their Server environment to the cloud.
You have been tasked with identifying a cloud model that allows for the current email environment to be upgraded, while also reducing server and application maintenance.
You need to make sure that the requirements are met.
Solution: You recommend the Platform as a service (PaaS) model.
Does the solution meet the goal?

A. Yes
B. No

Answer: B
Explanation:
